HEUER Table-Clamp

Flexible without need for boring.

The HEUER Table-Clamp is perfect for fastening the vice firmly to the working plate. With it, the vice – without the necessity of boring holes – can be mounted and removed from the working plate rapidly and without damage. This frees up space on the work surfaces and avoids the time-consuming mounting and removal of the whole vice from the workbench.

The HEUER Table-Clamp can be installed and removed simply and rapidly with a few movements. The sturdy wing bolt assures easy and safe operation. The four screw receptacles are set to 100 and 120 on the HEUER Vice.

	Width of jaw/mm*	Approx. Weight/kg	Table top thickness/mm	Item No.
100	1,0	10 - 60	119 100	
120	1,7	10 - 60	119 120	

* Data refers to HEUER Vices.
